MOTION PICTURE COMMISSION

New York City,
January 6th, 1923.

Mrs. Margaret Downes,
Court House,
Syracuse, N.Y.

My dear Mrs. Downes:

I am in receipt of your letter of the 4th inst. and thank you very much for the interest which you manifest in the work of our Commission, and I am sorry you are not situated so that you can become associated with us. The work, as I told you over the 'phone, would require you to travel more or less in different parts of the state. We have a person located at Buffalo and two here in New York City and the other work will be done from the Albany Office. I will ask the Civil Service Commission to keep your name on the eligible list.

Trusting this answers your inquiry and hoping that you will communicate with your Assemblymen from Onondaga County urging them to vote against the repeal of the Motion Picture law, I remain

Very sincerely yours,

George H. Cobb
