Miss Downes New School Nurse

Miss Dorothy Downes, school nurse, has been busy at the central school since the opening. She has also visited the district schools at Sloansville and Central Bridge. Her work is very beneficial preventing the spread of disease and general undesirable conditions by periodical examinations of the children. The Schoharie Central district is very fortunate in having a school nurse and the great advantage is that there is no cost to the taxpayers as the state aid meets all expense.

WILL YOU HELP?

There is a family of seven, including five small children living in Schoharie, four of whom attend the Schoharie Central School, whose home was burned recently—all furnishings were lost in the fire.

The family is in dire need of beds, bedding, a cook stove, dishes, clothing, etc., which they are unable to get themselves. If you have any household articles which you can give please communicate with Dorothy Downes, Schoharie Central School Nurse.
