

him on.

You would have this
before now but that
you might have the
Christmas times over
before hearing the
bad news we send
you. Your mother
told me before her
death to send you
and Kate and the
children her blessing
that ye may be
successful in America

and ever this as soon as you can
after receiving it as I would
wish to hear from you.

Don't forget to write
from your
fond father in trouble
Ever
